Dear M [Redacted]

CONFIRMATION LETTER: AFMA FULL MEMBER RENEWAL – EPOL

AFMA developed a Code of Conduct as a measure of self-regulation in the feed industry in South Africa. The Code of Conduct illustrates the vision of the feed industry in South Africa to develop a sustainable industry that acts responsibly within the food chain by ensuring safe feed for safe food.

Continued compliance to the Industry Code is a prerequisite for Full and Associate membership of AFMA. Conformance to the Code of Conduct is audited by an independent assessment body, appointed by AFMA, and is conducted at each AFMA member facility every two years to maintain a continuous cycle of compliance in the industry.

It is hereby confirmed that the **renewal audits** for compliance with the AFMA Code of Conduct and continued AFMA Full membership is in process at the following EPOL manufacturing sites:

The member facilities are categorized as:

- Full Member
- Manufacturer of compound animal feed (primary function)
- No external warehouses for storage of product

Your AFMA certificate for each manufacturing site will be re-issued as soon as the audit process is completed.

Please feel free to contact the AFMA office should you have any queries or require further information.
