We thank you for your correspondence and appreciate you forwarding our request to your subject matter expert.

We are unclear why you would view the tone of our correspondence as aggressive or threatening. We are a non-profit organisation acting in the public interest to advance the constitutionally protected rights to access to information and to an environment not harmful to health or wellbeing, in pursuit of animal welfare. We will continue to seek to advance these rights in the public interest and see no reason why Sun International would characterise our good faith endeavours, aimed at corporate accountability, in a negative light.

We have invoked our rights in terms of PAIA and been met with unjustifiable resistance by Sun International. Despite the fact that you serve eggs to your customers, which you procure from suppliers, you inexplicably deny being a role player in the egg industry. We accordingly trust that following input from your subject matter expert, you will be in a position to revert to us by no later than **22 March 2023**.

Kindly acknowledge receipt of this email.
